

INDIAN JOURNAL OF HILL FARMING

ISSN 0970 - 6429

Volume 14

July 2001

No. 2

CONTENTS

	Page
1. Transition in agriculture of north eastern hill states of India —implications for development —S. B. Singh, B. K. Sarma & K. K. Dutta	1 - 12
2. Methods of paddy storage in rural areas of assam —Mira Kalita and Minaxi Pathok	13 - 16
3. Rainfall pattern in mid-hills of Sikkim —R. K. Singh, A. K. Mishra & K. K. Satapathy	17 - 23
4. Evaluation of some carnation (<i>Dianthus caryophyllus</i> L.) cultivars under mid-hills condition of Himachal Pradesh —Harminder Singh Baweja & B. Brahma	24 - 28
5. Performance of selected brinjal lines in Nagaland —Naresh Babu, P. Venkatswarlu & R. C. Verma	29 - 33
6. Effect of display light and storage period on certain qualities of chicken salami —S. Doley, K. K. Dutta, K. K. Baruah & M. L. Brahma	34 - 37
7. Studies on food preference, consumption and utilization of cole crops by <i>Pieris brassicae</i> L. —N. S. Azad Thakur	38 - 43
8. Rate and pattern of growth in physiological parameteres as affected by spcing and varieties in broad leaf mustard (<i>Brassica juncea</i> var. <i>rugosa</i> Roxb. Tsen and Lee) —W. I. Mariam Anol & Edwin Luikham	44 - 47
9. Spatial dynamics of citrus mealybug <i>Planococcus citri</i> Risso at medium high altitudes of Meghalaya —K. Rajasekhara Rao, A. N. Shylesha & K. A. Pathak	48 - 52
10. Effect of host nutrition on the severity of rust and leaf blight on maize cv. RCM 1-1 —T. K. Bag	53 - 56

11. Effect of biofertilizers and crop residue for sustainable rice production in Manipur
—K. P. Singh & S. V. Ngachan 57 - 60
12. Analysis of drudgery prone activities and gender involvement in paddy cultivation
—R. K. P. Singh, K. N. Agrawal, K. K. Satapathy & B. Biswas 61 - 67
13. Performance of broad leaf mustard (*Brassica juncea* var. *rugosa*) at different spacings
—W. I. Meitei, Ps. Mariam Anal & Edwin Luikham 68 - 70
14. Comparative study of heritability, genetic advance and association of characters in conventionally bred and doubled haploid lines of rice
—A. Pattanayak & B. K. Sarma 71 - 75
15. Available nutrient status of the rubber (*Hevea brasiliensis*) growing soils of Meghalaya, Mizoram, Manipur and southern part of Assam
—A. C. Sarma, T. K. Pal, S. K. Chakrabarty & S. K. Dey 76 - 80
16. Processing and utilization of soybean in north east India
—R. K. P. Singh, K. K. Satapathy & B. K. Sarma 81 - 87
17. Response of gladiolus to nitrogen and phosphorus under mid-hill condition of HP Himalaya
—H. S. Baweja, A. S. Kashyap, A. S. Panwar & Y. R. Shukla 88 - 91
18. Modeling of infiltration in puddled acidic soils
—A. K. Mishra, R. K. Singh & K. K. Satapathy 92 - 98
19. Turmeric mechanization in Meghalaya
—A case study of Shangpung Village Jaintia Hills
—S. V. Ghadge, K. N. Agarwal, R. K. P. Singh, K. K. Satapathy 99 - 104
20. Studies on phytosociological attributes of upper shipra watershed in Meghalaya
—J. M. S. Tomar, O. P. Tripathi & K. K. Satapathy 105 - 112
21. Role of farm women in post harvest operation in rice cultivation
—Minaxi Pathok and Mira Kalita 113 - 116
22. Field evaluation of indigenous germplasm of citrus against insect pests
—K. Rajasekhara Rao & K. A. Pathak 117 - 119
23. Performance of broiler chicks under different types of management practices
—J. J. Gupta, S. Doley and B. P. S. Yadav 120 - 122

24. Studies on genetic parameters in baby corn in the mid-hills of Meghalaya
—D. K. Verma & B. K. Sarma 123 - 125
25. Performance of different sugarcane varieties under rainfed condition
—H. K. Sarma & C. K. Sarma 126 - 127
26. The relative bromelin contents in different parts of pineapple plant cv. Queen
—Th. Premila Devi & L. R. Singh 128 - 129
27. Human resource development for agricultural manpower in north eastern hill region
—Rajesh Kumar, N. Prakash, P. P. Pal & B. Bihari 130 - 133
28. Effect of azotobacter and azospirillum on yield performance of maize in Mizoram
—K. Laxminarayan 134 - 137
29. Metroglyph analysis of maize lines in Meghalaya
—D. K. Verma & B. K. Sarma 138 - 143
30. Response of turmeric (*Curcuma longa* L.) to NPK under foothill conditions of Arunchal Pradesh
—A. K. Dubey & D. S. Yadav 144 - 146
31. Adaptability of trumeric genotypes in acid hill soils of Manipur
—K. Sunil Kumar & D. S. Yadav 150 - 152
