

CONTENTS

1. Soil resilience in North Eastern Hills 1-8
- Patiram
2. Shifting cultivation control programmes and trends of their adoption : some action oriented studies 9-16
- K.K. Satapathy, B.K. Sarma
3. Change in the enzymatic activity of NADP⁺ dependent isocitrate dehydrogenase in germinating seeds of balckgram 17-19
- M Ayub Ali, W joykumar Singh, L Inatombi Devi and L Rupchandra Singh
4. A comparative study of variation in rice plants regenerated from different sources of protoplasts 20-24
- A. Pattanayak, C.M. Sarma and B.K. Sarma
5. Plant regeneration from protoplasts of Rice : relative efficiency of different sources of protoplasts 25-29
- A. Pattanayak and C.M. Sarma
6. Evaluation of fuel properties of hybrid blends as an alternate fuel for diesel engines 30-34
- Mukesh Singh, Ram Chadra and T.K. Bhattacharya
7. Biology of leaf mining fleabeetle, *Sebaethe fulbaethe fulvipennis* (Chrysomelidae : coleoptera) A major pest of Assam Lemon in Meghalaya 35-37
- A N Shylesha, K Rajasekhara Rao and K A Pathak
8. Movement and distribution of Nitrogen in tea soils of Assam 38-44
- Jitumani Talukdar, T.C. Baruah and D K Borah
9. On-farm evaluation of integrated farming system of a marginal farmer : a case study 45-47
- U.K. Behera, K.P. Jha and I.C. Mahapatra
10. Prospects, problem and scope of maize and pulses in North Eastern Hil Region of India 48-52 ✓
- A.K. Tripathi, S.B. Singh and K.K. Datta
11. Correlation between yield and yield parameters in radish (*Raphanus sativus*) 53-55
- A.S. Panwar, A.S. Kashyap and H.S. Bawaja
12. Direct and residual effect of fertilization sources and time of application on equivalent yield of rice-potato corpping sequence and soil properties 56-60
- S.K. Rautray, and D.K. Swain
13. Correlation and path coefficient analysis for the yield and its traits in cabbage 61-65
- N. Rai, A. Kumar Singh and R.K. Yadav
14. Studies on optimum nutritional and weed management practices in response to diagnostic survey at the mandarin orange orchard of Darjeeling hills 66-76
- Amar Roy, Mahadev Pramanik and Rabiul Haque

15. Effect of combination of inorganic N and rhizobium culture on yield, available N status in soil and economic viability of pea (*Pisum Sativum*) 77-81
- U.J. Sarma, M. Chakravarty and H.C. Bhattacharya
16. Therapeutic efficacy of doramectin, diazinon and deltamethr in against mange mite infestation in pig 82-85
- S.K. Baishya, G. Khargharia, Anubrata Das and R.K. Bardoloi
17. Studies on certain aspects of epididymal spermatozoa of unilateral cryptorchid indigenous boar of Meghalaya 86-88
- S.K. Baishya, Anubrata Das, G. Khargharia and R.K. Bardoloi
18. Thidiazuron induced multiple shoot in pigeonpea (*Cajanus cajan*) 89-91
- Alpana Das, A. Pattanayak and G. Bhowmick
19. Selection indices in Indian rapeseed (*Brassica campestris*) and mustard [*B. Juncea*] 92-96
- S. Hussain, G.N. Hazarika and P.K. Barua
- Short Communications
20. Orchid wilt incited by *Sclerotium rolfsi* on some Indian orchids 97-98
- T. K. Bag
21. Correlation studies of chemical fertilizers and biofertilizers with growth, yield and nutrient status of olive trees (*Olea European*) 99-100
- Akath singh, R. K. Patel and R. P. Singh
22. Impact of agricultural literature on organic farming in North Eastern region 101-103
- M.D. Syiem
23. Studies on genetic variability in cabbage (*Brassica oleracea*) 104-108
- R.K. Singh and R.V. Singh
24. Evaluation of different cultivars of peach fruits suitable for dehydrated slices and quality during different storage periods 109-110
- A. Nath, D.S. Yadav, A.K. Dubey and N. Rai
25. Assesment of avoidable yeild losses in *Momordica charanthia* due to *Meloidogyne incognita* race 2 111-112
- Anju Sudhakar Khanna and Sunil Kumar
26. Common fermented food products of Manipur 113-115
- R.K.P. Singh, K.K. Satapathy and K.S. Singh
27. Seasonal activity and control of rice root aphid, *Rhopalosiphum refiabdominals* (SOS) (Aphididae : Hemiptera) in upland paddy 116-119
- R.N. Barwal, N.S.A. Thakur and N.S. Rao
28. Morphological studies in turemic germplasm 120-121
- Rakesh Srivastava, P. K. Singh
29. Growth acceleration in citrus latipes root stock seedlings by foliar application of Gibberellic acid and Urea 122-125
- A.K. Dubey, K.D. Babu, D. Pal and D.S. Yadav
30. Preliminary screening of exotic wheat germplasm for rust and powdery mildew diseases 126
- Kamal Joshi, D.C. Bhandari, A. K. Sharma, K. S. Negi and G. L. Arya
31. Preliminary evaluation of bio control agent in maize 127
- R.N.P. Singh and M. Butang
